

POWERLINEMAN® MAGAZINE

THE ONLY MAGAZINE FOR LINEMEN

2026 Advertising Media Kit

Powerlineman® Magazine is a quarterly publication created by Powerlineman Publishing, LLC. The first issue was distributed in the winter of 2002. *Powerlineman Magazine* is the only one of its kind, exclusively dedicating itself to one of the most dangerous, prestigious, rewarding, and challenging professions in the world... the journeyman lineman.

Content

All content of the magazine is directed to the interest of the linemen. The article ideas are created by linemen and currently include safety topics, linemen personal experiences, linemen profiles, and company profiles. *Powerlineman® Magazine* has visited entities across the Nation to personally interview them for the article content. Featured Utility Companies have a chance to tell their story about their systems they build and maintain, the equipment they use, and whatever they would like to spotlight in the article. *Powerlineman® Magazine* continues to travel throughout the country to obtain magazine content.

Circulation

Powerlineman® Magazine was created by linemen for linemen. The goal is to deliver *Powerlineman® Magazine* directly to the homes of linemen. It is emphasized to the readers that it is our preference to deliver the publication to their homes rather than their place of business. Readers are not only powerlinemen from Rural Electrical Associations, Investor Owned Utilities, Municipal Utilities, but also Equipment Manufacturers, Advertising Vendors, International Brotherhood of Electrical Worker Unions, and purchasing executives. Our quarterly publication is a forum for the thousands of journeyman linemen that influences purchases for the industry. Your advertisement will be in a circulation of more than 19,000 with an even greater readership. As the only industry magazine devoted to the powerlineman, it serves

as an important vehicle to present the newest products and innovations in our industry.
